

## System Connection Diagram

Recommended Connection: Hand in Hand

Smart-Bus Cat5 Wire Definition

Brown White/Orange White	COM
Blue White/Green White	DATA-
Blue/Green	DATA+
Brown/Orange	DC24V

## Wiring for installation

## Package list

SB-DN-Logic960	1 PC
Installation Manual	1 PC

## Safety and Maintenance

Read All Instructions in detail before use  
 Make sure good Ventilation Environment  
 Pay Attention to Water-proof, shake-proof and dust-proof when using  
 Non-Rain, Non-Contact with other liquids or corrosive gases  
 Should be dried in time if invaded by water or liquid  
 Contact Professional maintenance staff or HDL company when Product has problem

## Description

SB-DN-Logic960 Automation Module can control the system automatically by logic lines of scene, channel, date, week, time, input status. Automation Module is a very important device in the system and has powerful function. It has logic table for AND, OR, XOR, NAND.

## Environmental Conditions

Working Temperature: -5℃~45℃  
 Working Relative Humidity: 20%~90%  
 Storage Temperature: -40℃~+55℃  
 Storage Relative Humidity: 10%~93%  
 IP Class: 2.0

## Features

- Support 12 logic groups and each group have 20 logic tables.
- Each logic table can set 4 logic input condition and 20 input targets.
- Logical table input condition: Time, Date, Year, Week, Scene working status, external device input status, Wall panel status, Fire setting.
- Logic relation: AND, OR, XOR, NAND

## Performance Parameters

- BUS Power Supply : DC12-30V
- BUS Power Consumption : 15mA/DC24V
- Installation: Standard 35mm Rail mounting
- Dimension : 72mm×88mm×66mm
- Signal Interface: S-Bus

## Installation Dimension

## Installation Requirements

Installation: Standard 35mm Rail Mounting  
 Bus Connection: Cat5e
